PROFESSIONAL EXPERIENCE

Operations Manager

Sep 2022 – Present

Sodexo · South Brooklyn Health / NYC Health + Hospitals · New York, NY

- **Enterprise Rollout:** Spearheaded the TDSS Linen Software implementation across 16 NYC Health + Hospitals sites — scoped requirements, coordinated vendors, trained staff, and managed go-live with zero service disruptions.
- **Capital Project:** Led the aLex Linen Machine Expansion at South Brooklyn Health — managed procurement, installation, and commissioning of 12 automated units, cutting weekly linen spend 40% (\$20K → \$12K) while improving accountability and reducing waste.
- **Program Build:** Built the Lab Coat Rental Program from the ground up: drove vendor selection, contract negotiations, and onboarding for 350+ staff across multiple departments.
- **Stakeholder Management:** Serve as primary liaison between frontline teams, senior leadership, and external vendors — translating organizational strategy into executable project plans with defined scope, schedule, risk logs, and governance documentation.
- **Digital Transformation:** Deployed Microsoft Copilot and AI-assisted workflows to optimize stakeholder communications, data reporting, and executive presentations — freeing capacity for higher-value project work.
- **Process Improvement:** Implemented digital inventory tracking system, improving accuracy, standardizing controls, and increasing team accountability across management levels.

Regional Operations Support Manager

Aug 2021 – Sep 2022

Sodexo · Multi-Site Healthcare Operations · New York, NY

- **Multi-Site Oversight:** Managed operational performance across multiple healthcare sites, exceeding client satisfaction targets by 15% through cross-site service delivery improvements.
- **Stakeholder Alignment:** Served as key liaison between site leadership and regional stakeholders — aligning annual goals, initiatives, and KPIs across competing priorities and locations.
- **Process Improvement:** Led cross-functional teams to identify and eliminate operational inefficiencies, improving overall effectiveness by 12%.
- **Talent Operations:** Supported workforce planning through candidate screening and staffing alignment to match operational and compliance requirements.

Patient Care Ambassador

Dec 2009 – Aug 2021
